

Cookie Policy

An HTTP cookie (also called web cookie, Internet cookie, browser cookie, or simply cookie) is a small piece of data sent from a website and stored on the user's computer by the user's web browser while the user is browsing. Cookies were designed to be a reliable mechanism for websites to remember stateful information (such as items added in the shopping cart in an online store) or to record the user's browsing activity (including clicking particular buttons, logging in, or recording which pages were visited in the past). They can also be used to remember arbitrary pieces of information that the user previously entered into form fields such as names, addresses, passwords, and credit card numbers.

Managing Cookies

The browsers of most computers, smartphones and other web-enabled devices are typically set up to accept cookies. If you wish to amend your cookie preferences for this website or any other websites, you can do this through your browser settings. Your browser's 'help' function will tell you how to do this.

However, please remember that cookies are often used to enable and improve certain functions on our website. If you choose to switch certain cookies off, it is likely to affect how our website works.

More information about how to disable cookies can be found on allaboutcookies.org

Cookies List:

Clesse UK website (www.clesse.co.uk) uses cookies. We use cookies to personalise content and ads, to provide social media features and to analyse our traffic. We also share information about your use of our site with our social media, advertising and analytics partners who may combine it with other information that you've provided to them or that they've collected from your use of their services. You consent to our cookies if you continue to use our website.

Cookies are small text files that can be used by websites to make a user's experience more efficient.

This site uses different types of cookies. Some cookies are placed by third party services that appear on our pages.
